

Product code
D500809NANT (constant current)

Info

Dimmer DMX/DALI 1 CH/OUT CC

It is the optimal solution to handle a group of lighting devices, in constant current mode, through a signal generated by a DMX-512A or DALI standard control unit. This enables dimming allowing energy saving and generation of pleasant visual effects. This unit has 1 independent units.

Features

Supply voltage	Low voltage SELV power supply input, from 11 VDC to 50 VDC, class III
Input power	3 W (device itself)
Output	1 output channel; output voltage is input voltage less internal drop (2 V); output current is 1000 mA
Protection rating	IP 10
Weight	0,10 kg

Temperature limits

Working temperature	from 0C° to +35C°
Storage temperature	from -50C° to +80C°

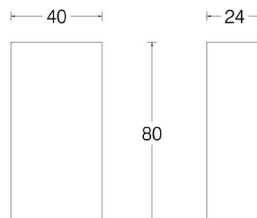

Features

Provides modulation of 1 output channel according to digital control of a DMX-512A bus or DALI

Construction

Self extinguishing PC/ABS Blend.

Dimensions (mm.)
